SUPPORT US

Friends of Linguistics provides the funds to invite outside speakers to our colloquia, sponsor conferences and develop graduate workshops, among other things.

For example, $25 sponsors a colloquium, $200 provides an honorarium for a guest lecturer, and $100,000 endows a graduate fellowship. Please help us by giving a little or a lot.

Major gifts such as the Nostrand Professorship can at once honor a special purpose and provide graduate fellowships, faculty benefits or targeted aid for a specific recipient such as the Linguistic Phonetics Lab, Sociolinguistics Lab, or ASL Program.

Finally, our Graduate Fellowship Endowment continues to grow, to the extent that we have been able to provide quarterly stipends for several Graduate Excellence in Linguistics Research award recipients.

To contribute to the Department of Linguistics, please use the online giving form that appears below.
